# AGILE AT SCALE

## – Organizational Transformation

19 July 2018 | MIM LEARNING CENTRE

A powerful 1 day workshop for all type of Industries to adapt the organization's transformation strategy through Agile methodology.

### Workshop Description

Most enterprises are stuck in old ways of operating, and that can negatively affect a company's speed and adaptability to change. To be competitive in the digital age, businesses need to achieve Agility at scale. The Scaled Agile transformation isn't just about technology. It's about a new way of thinking.

Agile practices radically improve digital delivery by fostering an iterative, empirical, and cross-functional approach to building customer-focused products—all with a keen eye on continuous improvement. If done right, agile transformations can indeed derive tremendous benefits:

- Highest-quality product development
- Enhanced speed to market and ROI
- Increased efficiency/effectiveness
- Improved employee morale and engagement
- Improved Innovation

Receive one **FREE** invite to  
3rd AGILE ASIA 2018 CONFERENCE  
with every two registration!

### Who Can Benefit From This Workshop

- This workshop is designed to support and empower those who are leading or supporting Agile Adoption or an Agile Transformation within the organization.
- Executives, change agents, Managers, leaders wishing to deepen their organizational capacity to support conscious change.

### Delivery Model

This will be a fun and highly engaging/hands-on workshop with simulated and real-case examples designed to help participants choose real-world examples to experiment and apply concepts for deepened learning.

### Workshop Facilitator

**Dr. Sanjeev Raman, CEO, QF4 Technologies, USA.**

 <https://www.linkedin.com/in/travshark/>

Dr. Sanjeev Raman has over 15 years helping organizations increase efficiency, effectiveness, and ultimately delivery more value. He has been a Lean|Agile coach & Trainer at the team, program, and enterprise level. He has helped organizations setup an Agile center for excellence, release trains, and get ISO and CMMi certified for their Agile processes. Some of his clients have included Fannie Mae, JC Penney, JP Morgan Chase, PayPal, Cisco, just to name a few. Dr. Raman has four academic degrees, which includes two undergraduate degrees in Biomedical Science Research and Laboratory Science and two graduate degrees in Information Technology from University of Maryland, Towson University, and George Mason University respectively. He has been on review committees for selecting speakers for the Scrum Alliance conferences, spoken at agile conferences, and published articles. Dr. Raman has translated the Agile Manifesto into Sanskrit, published with InfoQ, Scrum Alliance, and Agile Atlas.

Dr. Raman created interactive courses to engage and help people learn in a fun way. His courses helps people to collaborate with each other better, and deliver more value in less time.
